

# GARDEN LAKE 95 and 200 litre WATER BUTT

Attractive wood grain effect tapered shaped water butt available in two sizes; the compact 95 and standard 200 litre capacity. Manufactured from at least 75% recycled content with a 5 year guarantee as standard.

Both Garden Lake water Butts are supplied with a hose-connector tap, with a pre drilled fitting and a child safe locking lid.

Manufactured using a premium blow-moulded process, these water butts are both tough and durable.

The 200 litre Garden Lake Water Butt has all the features to meet the water category WAT2 Code for Sustainable Homes (Issue ID WAT2, 1 point awarded).

The Garden Lake Water Butts are supplied with a stand and rain diverter as standard.

Product	Capacity (litres)	Dia. x H x H with stand (mm)
Garden Lake	95	520 x 730 x 1020
Garden Lake	200	680 x 900 x 1230

# RAINSAVER 190 litre WATER BUTT

The UK's best selling Rainsaver Water Butt is a market leading container suitable for collecting rainwater to use in the garden. Manufactured from at least 75% recycled content with a 5 year guarantee as standard.

The 190 litre capacity Rainsaver comes complete with a child safe locking lid, hose connector tap, stand and rain diverter.

Manufactured using a premium blow moulded process, this water butt is tough and durable.

Product	Capacity (litres)	Dia. x H x H with stand (mm)
Rainsaver	190	650 x 960 x 1240
